Baby Minding Shoes

Are you stuck with a clingy child? Is it impossible to get anything done because they want your attention 24/7? We have just what you're looking for with our super-sized baby minding shoes. These shoes have plenty of room for your little one to sit comfortably, they also have an inner shoe which will match your own regular size. Get on with everyday tasks as your infant is soothed by the close contact with you at all times. We highly recommend you start as you mean to go on and get the little one used to alternating with the left and right footgear. If you fail to observe this ritual you will find yourself with one overdeveloped calf muscle as you lug the child about. Psychologists have endorsed our unique and innovative range of baby minding shoes as they suggest close contact like this from an early age will encourage a strong bond between parent and child in the years ahead. Keep those tears and tantrums at bay, and order your first pair today!
